Be Safe

By Christa Joy
Special Needs for Special Kids

18 page story on fire safety

It is important to know how to be safe in an emergency.

This week we are learning about fire safety.

It is important to know what may be safe and may not be safe.

Playing with matches is NEVER safe.

Playing around the stove or oven is NEVER safe.

When the Fire Alarm Goes Off

By Christa Joy

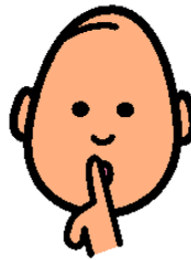

Special Needs for Special Kids

Sometimes as I sit in class, I hear a buzzing alarm go off. The alarm may mean we are having a fire drill.

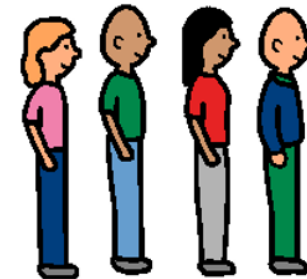

A fire drill is a time to practice. There is usually not a fire.

We line up at the door. It is important to stay quiet.

I will try to walk calmly outside while staying with my class.

I will try to stand quietly with my class until the teacher says it is safe to go back inside.

Vocabulary board

	drop	roll	safe	not safe	fireplace
matches	stove	stay low	feel door	line up	teacher
fire alarm	quiet	wait 1	fireman	where	I need a break

story boards

The kids are eating lunch in the cafeteria.

The fire alarm goes off.

Fire Drill Sequencing

- Directions
 - Students cut apart pictures and sequence them in the correct order of what to do if there is a fire drill
 - Use a long strip of construction paper
- Differentiation
 - For students who need extra support, draw a sequence of pictures with numbers 1-9

Sequencing activity

Smaller cards for students to sequence

Sequencing cards

1

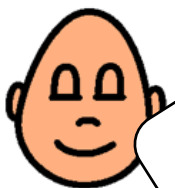

2

3

 fire drill goes off	 go outside	 follow teacher
 line up	 quiet	 go back inside
 wait a minute	 stand up	 great job
