The second set of slides uses color for differentiation and extra support for students who may need it. Mix and match slides from both sets to make the perfect set for each student.

The background of the slide is a photograph of a beach at dusk. In the foreground, there is a wooden fence made of vertical posts, partially buried in the sand. Behind the fence, the beach leads to a row of multi-story buildings, likely hotels or apartments, with balconies and windows. The sky is a deep blue, and the buildings are lit up with warm lights. The overall scene is peaceful and scenic.
